## ASSIGNMENT

Chris Goddard, residing at 4723 Glen Oak Circle, Aubrey, Texas 76227, a citizen of United States of America (hereafter, the "the ASSIGNOR"), is a joint inventor of a **RAPID FEED PAINTBALL LOADER WITH PIVOTABLE DEFLECTOR** for which a United States Letters Patent has issued, 6,502,567, filed October 12, 2000 and issued January 7, 2003; and for which a reexamination is currently pending, Serial No. 90/009,715; and for which a reissue is currently pending, Serial No. 11/031,952; as well as the inventions disclosed in any of the foregoing (collectively, the "invention").

KEE Action Sports I LLC, a Delaware company, having a principal place of business at 570 Mantua Blvd., Sewell, New Jersey 08080, (hereafter referred to as the "ASSIGNEE"), is desirous of acquiring and/or confirming that it had previously acquired the entire right, title and interest in said invention, all applications for and all Letters Patent issued on said invention.

For good and valuable consideration, the receipt and sufficiency of which is acknowledged, the ASSIGNOR, intending to be legally bound, does hereby sell, assign and transfer to the ASSIGNEE and ASSIGNEE's successors, assigns and legal representatives the entire right, title and interest in and to said invention and all patent applications thereon, including, but not limited to, the United States Letters Patent entitled as above, and including any and all inventions described therein, and all non-provisional applications, continuations, continuations-in-part, divisionals, reissues, reexaminations, renewals, substitutes and extensions of any of the foregoing, the referenced reexamination, the referenced reissue application, and all non-provisional applications for any United States Letters Patent as outlined above and claiming the benefit thereof, and any divisions and continuations thereof, and in all Letters Patent, including all reissues and reexaminations thereof, throughout the world, including the right to claim priority under the Paris Convention or other treaty, all rights to sue for infringement of any invention or Letters Patents, whether arising prior to or subsequent to the date of this Assignment, together with all choses in action, the right to sue for past, present and future infringements, and to collect

damages and costs for all past, present and future infringements, the same to be held and enjoyed by the said ASSIGNEE, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by ASSIGNOR had this Assignment not been made, and requests the Commissioner for Patents of the United States Patent and Trademark Office, and any Official of any country or countries foreign to the United States authorized to issue patents and patents on applications aforesaid, to record ASSIGNEE as the owner of such invention, and to issue all Letters Patent for said Patents in the name of ASSIGNEE, as ASSIGNEE of the Patents, for the sole use of ASSIGNEE, its successors and assigns.

It is agreed that the ASSIGNOR shall be legally bound, upon request of the ASSIGNEE, to supply all information and evidence relating to the making and practice of said invention, to testify in any legal proceeding relating thereto, to execute all instruments proper to patent the invention throughout the world for the benefit of the ASSIGNEE, and to execute all instruments proper to carry out the intent of this instrument.

The ASSIGNOR warrants that the rights and property herein conveyed are free and clear of any encumbrance.
